

Eurodolly – high-capacity carrier for multipurpose use

Our versatile ¼ pallet Eurodolly improves your supply chain efficiency and fits a variety of different plastic crates, trays and carton displays. It is ideal for storing, transporting and even displaying bulk products as it is easily rolled into the point of sales for fast product replenishment and display promotions. The Eurodolly can also be supplied PIEK certified.

As with all K.Hartwall dollies, the Eurodolly offers one-touch logistics and merchandising. It is ideal for automated packing and racking lines, as efficient for cross-docking in the distribution centre and contributes to long life-span and low total cost of ownership.

Trusted by a number of major retailers & suppliers across Europe!
