

## Sheet Metal Storage Systems

### Spaziomatic

**Spaziomatic sheet metal storage system**, It has been conceived and design to store in the drawers several pallets of metal sheets . With the aid of the **elevator**, actuated by **gearmotor and chains**, the packs are quickly handled from the inside of the structure, to the unloading bay of the **storage system** and vice versa, for material load and unload operations.

### Models:

1,250 x 2,500 mm (4 x 8 ft)

1,500 x 3,000 mm (5 x 10 ft)

1,500 x 4,000 mm (5 x 13 ft)

1,500 x 6,000 mm (5 x 20 ft)

2,000 x 4,000 mm (6 x 13 ft)

2,000 x 6,000 mm (6 x 20 ft)

Different sizes upon request

Load capacities: 3.000 kg (6,600 lbs) - 5.000 kg (11,000 lbs)

**Benefits:**

- Material handling costs reduction
- Reduce storage footprint
- Efficient material storage and flow
- Increase workplace safety
- Updated inventory status
- Fast ROI
- Heavy Duty design
- User friendly Touch screen control

**Optionals:**

- Inventory management software
- Single or Dual Tower
- Secondary Loading/unloading bay
- Anti-Fall safety device
- Movable shuttle for material handling
- Lifting Table
- Loading cells
